PROFILE SUMMARY

Aspiring IT professional passionate about cloud technologies and data-driven solutions. Skilled in using cloud tools, and automation to improve efficiency. Highly motivated to learn, innovate, and deliver business impact through IT.

EDUCATION

BS Information Technology
Lyceum of the Philippines University

(Graduating August 2026)

TECHNICAL SKILLS

Cloud Platforms: AWS (EC2, S3 basics)
Automation Tools: Microsoft Power Automate, Python (beginner scripting)
Collaboration & Productivity: Microsoft 365, Google Workspace

PROJECT EXPERIENCE

Process Automation Mini-Project (Class Project) October 2024

- Automated repetitive data entry tasks using Microsoft Power Automate.
- Reduced manual effort by 40% and improved accuracy in sales reporting.

Capstone Project (Thesis) — Team Lead (Ongoing 2025–2026)

- Leading a team of 4 students in developing a disaster preparedness game system
- Coordinating task assignments, timelines, and progress tracking to ensure on-time delivery.

Personal Projects (Ongoing)

AWS Portfolio

- Hosting a static website on AWS S3 + CloudFront as a portfolio hub.
- Experimenting with IAM roles and cloud security basics to understand enterprise-grade practices.
- Built a serverless workflow: S3 (CSV uploads) → Lambda (process) → Athena (SQL queries).
- Automated data refresh using EventBridge scheduled events to trigger Lambda.
- Applied IAM least-privilege practices across S3, Lambda, and Athena.
